# Join an active conference

There are two ways to join an active conference.

### Select from a list of active conferences

Scroll down the list of active conferences, select the conference, and tap the Join button on the keyboard.

# Departing the meeting

A notice appears when the meeting host departs.

### **Registered user departure**

When the meeting host departs, you can either display a list of existing conferences or exit from the AppShare application.

The meeting host has departed.	
List Conferences	
Exit	

### Guest user departure

When the meeting host departs, you can either return to the main AppShare window or exit from the AppShare application.

# **Context icons**

Leave Conference	Exits the conference	Exits participation in the current conference and returns you to select another conference for registered users and to enter a conference ID for guest users.
Participants	Participants button	Displays the <b>Participants List</b> that shows: <b>Host, Participants</b> and <b>Exited Participants</b> .
0	Camera button	Saves a picture of your screen to the Photo Album for future reference.
0	Information button	Help and SupportLinks to the Help and Support Website.About Teamcenter AppShareDisplays the AppShare version number and copyright information.

NOTE: Pressing the iOS device's **Home** button puts AppShare in the background, allowing you to multitask. Reopening AppShare reconnects to the same conference where you left off.

## Zoom in and out

You can double-tap or pinch to zoom in on part of the shared screen to see smaller text. While zoomed in, you can tap and drag to pan to see other portions of the window. Then, you can double-tap to zoom out.

NOTE: This icon is displayed on the iOS device when the application is successfully installed.
