

**SIEMENS**

*Ingenuity for life*

# Agenda

Simulation to solve  
changing technology  
demands of refining &  
petrochemical industry

June 28, 2018

8:30a.m. Registration and Breakfast

9:00 a.m. Welcome & Introduction, Siemens PLM Software

9:30 a.m. Solving problems in the refining and petrochemical industry

9:50 a.m. Guest speaker

10:15 a.m. Reducing fuel costs & meeting emissions standards through burner design optimization

10:30 a.m. Simulation for safety analysis

10:45 a.m. Break

**SIEMENS**

*Ingenuity for life*

# Agenda

Simulation to solve  
changing technology  
demands of refining &  
petrochemical industry

June 28, 2018

11:00 a.m. Technology Demonstration

11:30 a.m. Inlet distributor, ducting and feed tray design for reducing  
catalyst costs/maximizing separation performance  
Troubleshooting high cycle fatigue on mixing Tees

12:00 p.m. LUNCH, courtesy of Siemens PLM Software

1:30 p.m. Guest Speaker

2:00 p.m. Hands-on Session

3:30 p.m. Discussions and Close
