Software Tool Qualification Report for StratoOS

Model(s)
Modell(e)

Revision 1.4.2

Technical Data and Parameter
Technische Daten und Parameter

The "Software Tool Qualification Report for StratoOS" provides a description and best practices information in the use of StratoOS tool. The StratoOS tool demonstrates a classification of a TCL2 when used stand-alone or a customer may apply the suggested project specific tool-chain restrictions and process measures to meet a Software Tool Classification of TCL1.

Specific Requirements
Spezifische Anforderungen

Any changes may require repetition of some parts of the qualification in order to retain the certification. The certificate report is an integral part of this certificate. The safety related guidelines shall be maintained.
