SIEMENS
Ingenuity for life

Siemens Digital Industries Software
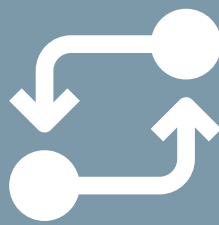

PLM in the cloud delivers value

Why PLM?

Product lifecycle management (PLM) helps you to manage your digital twin efficiently so you can bring innovative products to market, faster.

Accelerate time-to-market	Increase collaboration	Reduce risks

Why the cloud?

Increase reliability	Reduce overhead	Lower costs	Global access

Combining PLM and the cloud

Available anywhere, on any device	Adopt cutting edge technology	Enhance cost-effectiveness	Reduce information technology (IT) resource needs

Introducing Teamcenter X
