Analysts Assessment

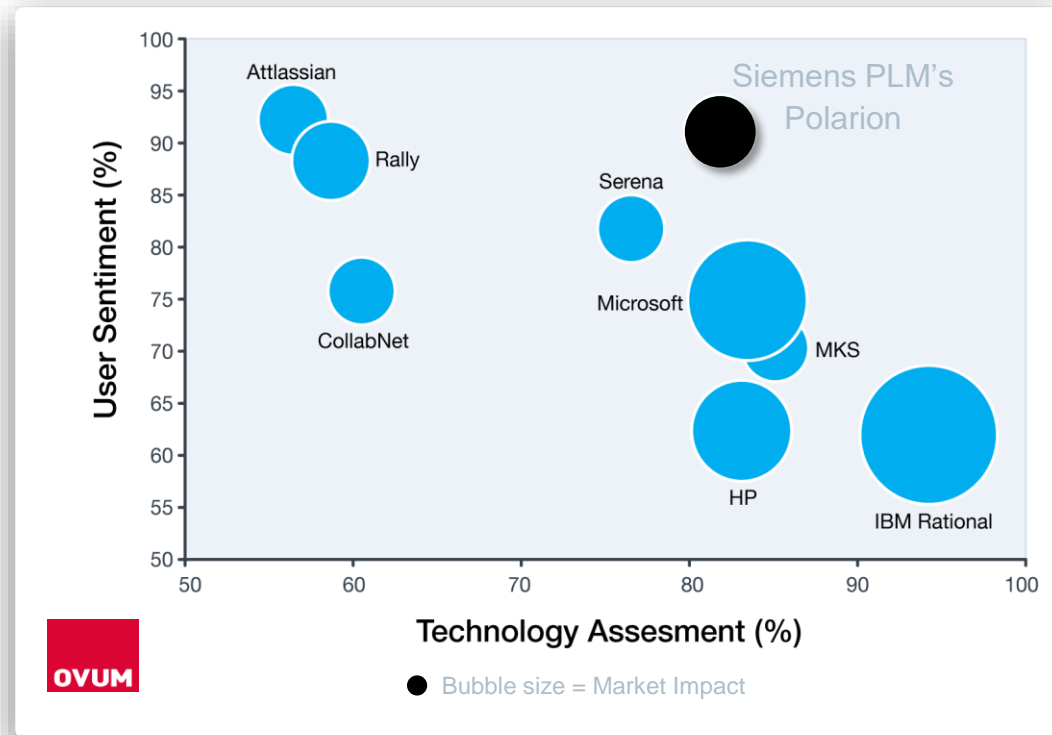

“We have rated Siemens PLM Software’s Polarion as a **”Visionary”**, ...
with a **strong single-platform toolset**
that **covers the entire life cycle**
and **promotes traceability and compliance**
with International Organization for Standardization (ISO), FDA...”

- Thomas E. Murphy, Jim Duggan, Nathan Wilson

Analyst Validation

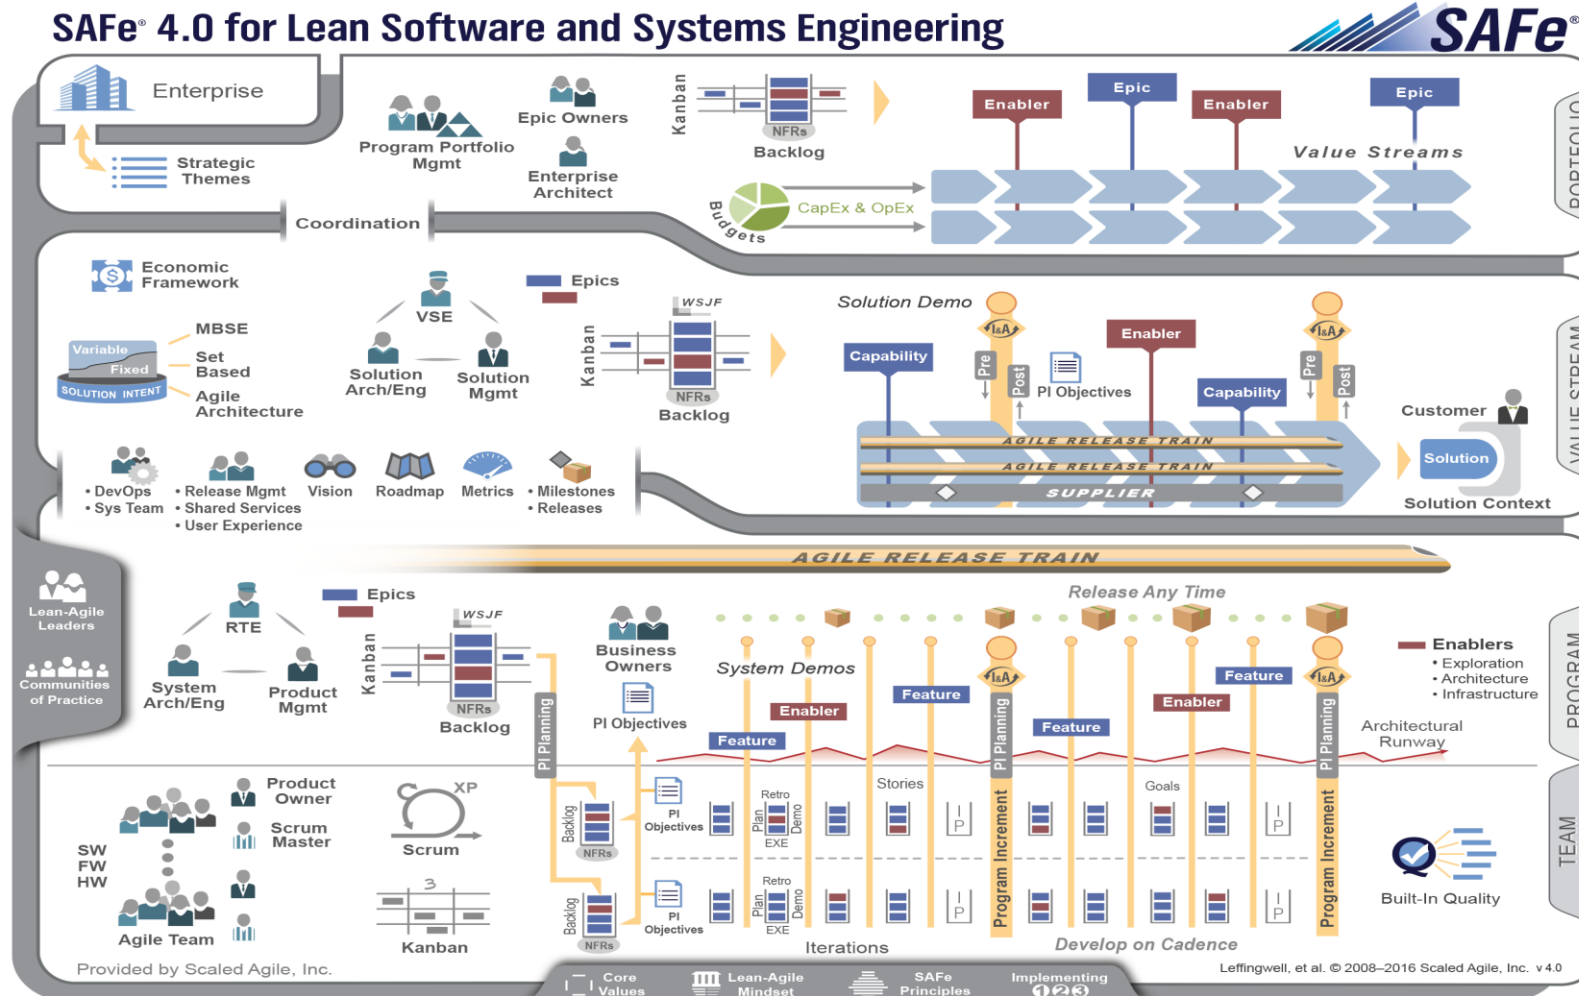

"Polarion offers a complete Application Lifecycle Management (ALM) suite to provide greater visibility into the software development process.

- Michael Azoff, Principal Analyst, OVUM
