

Agenda | Testing for electric vehicles | Dec 9

Time	Topic	Speaker
08:45	Registration	
09:00	Keynote speaker, testing of electrified vehicles	Lars Ivarsson, Portfolio Development, Test & Simulation
09:15	Implementation of a process for reliable Vehicle NVH assessment without need of physical prototypes	Simona Ottaiano, Business Development Team, Automotive Testing
09:45	Practical implementation of new NVH prediction methodologies	Simona Ottaiano, Business Development Team, Automotive Testing
10:15	Active sound design for electrical vehicles	Simona Ottaiano, Business Development Team, Automotive Testing
10:45	Coffee Break & Exhibition	
11:15	Smart and efficient testing with Simcenter Testlab & Scadas	Swen Vanderberk, Pre-Sales Consultant, Test Solution
11:45	Durability testing of electrified vehicles	Swen Vanderberk, Pre-Sales Consultant, Test Solution
12:15	Executable digital twin – prevent the early failure of a truck anchorage using smart virtual sensors	Alex Vermeulen, EMEA Portfolio Development, Director for Test Solutions
12:45	Latest innovations in physical training	Alex Vermeulen, EMEA Portfolio Development, Director for Test Solutions
13:15	Lunch	
14:30	DEMO AREA! Six stations with innovative LIVE demos	SIEMENS Test & Solution Experts
17:00	End	

Agenda | Testing for autonomous vehicles | Dec 10

Time	Topic	Speaker
08:45	Registration	
09:00	Keynote speaker, the future of autonomous vehicles	Gwen van Vugt, Sr. Director, Autonomous Vehicles
09:30	Smart and efficient ADAS Testing	Marc Fischer, Senior Manager, CC AD
10:00	Index data and extract valuable corner cases	Marc Fischer, Senior Manager, CC AD
10:30	Develop and validate algorithms	Marc Fischer, Senior Manager, CC AD
11:00	Coffee Break & Exhibition	
11:30	From thousands of scenarios to the relevant critical representation	Frank Rijks, Pre-Sales Consultant, ADAS Solution
12:00	NEVS experience from testing of autonomous vehicles	Torbjörn Norlander, Chapter Lead Controls Engineering & Autonomous Vehicles, NEVS
12:30	Engineering services for comfort and DriveTwin. STUBA project	Alex Vermeulen, EMEA Portfolio Development Director for Test Solutions
13:00	Lunch	
14:15	DEMO AREA! Six stations with innovative LIVE demos	SIEMENS Test & Solution Experts
17:00	End
