

Trial Licenses

Siemens Product Lifecycle Management Software Inc., or one of its Siemens Industry Software affiliated companies (collectively referred to herein as "SISW"), has entered into a software license and services agreement with a customer for SISW software, which may have taken the form of a written agreement signed by both parties or a click-wrap or online agreement agreed to by the customer electronically (referred to herein as the "Agreement"). These terms and conditions (the "Trial Amendment") are specific to trial or evaluation licenses of software granted by SISW. These terms are additional to the terms in the Agreement and, to the extent that these terms are in conflict with the terms of the Agreement, these terms will take precedence and supersede the terms of the Agreement with respect to SISW trial or evaluation software.

- 1. Definitions.** Capitalized terms used in the Trial Amendment shall have the same meaning as defined in the Agreement unless they are otherwise defined in the Trial Amendment.
- 2. License Grant.** SISW grants to Customer a nonexclusive, nontransferable, limited license to install and use the executable form of the Software in a test environment within the Territory solely for trial purposes. The Software shall not be used for commercial, professional or productive purposes, for commercial training or any other for-profit purposes, including testing, analysis and benchmarking. If during the term of this Agreement SISW provides Customer with updates or new releases of the Software, they are deemed to be part of the Software and subject to the terms and conditions of this Agreement. Customer is solely responsible for installation of the Software on compatible equipment, with operating system software, provided by Customer. Customer is not authorized to, and agrees not to, (i) copy the Software in whole or in part, except as reasonably required to install the Software and for backup purposes; (ii) disclose the Software to any person other than Customer's employees who have a need to know to perform the trial; or (iii) decompile, disassemble or reverse engineer the Software. Customer will retain and reproduce all copyright or proprietary notices in their exact form on all copies of the Software made by Customer. As between Customer and SISW, the original and all copies of the Software will remain the sole property of SISW and will be subject to the terms and conditions of the Agreement as amended by this Trial Amendment. SISW reserves all rights in the Software not explicitly granted herein.
- 3. Customer Obligations.** Customer will provide SISW the host identifier required by SISW and such other information reasonably requested by SISW for each workstation and/or server on which the license management portion of the Software will be installed to permit SISW to generate a license file that will restrict end-user access to only those Software modules licensed hereunder and to ensure Customer's compliance with the Agreement as amended herein. Customer acknowledges SISW's representation that the Software constitutes and contains valuable trade secrets and confidential business information of SISW and/or its third party suppliers. Customer will hold such information in confidence and take the precautions necessary to safeguard the confidentiality of such information. If Customer or any of Customer's employees breach or threaten to breach the obligations of the Agreement as amended herein, SISW will have the right, in addition to such other remedies which may be available to it, to seek injunctive relief enjoining such acts or attempts, it being acknowledged and agreed by Customer that monetary damages are inadequate to protect SISW. The obligations of confidence and nondisclosure set forth in this Section 3 will survive any termination of the Agreement as amended herein. SISW's third party suppliers may enforce the Agreement as amended herein as it relates to their Software directly against Customer.
- 4. Disclaimer of Warranties.** Trial Software is provided to Customer on an "as-is" basis, without SISW maintenance services. Customer acknowledges and agrees that the input of data and the accuracy and adequacy thereof, including the output generated as a result of such input, is under Customer's exclusive control. Any use made by Customer of the data output, or any reliance thereon, is Customer's sole responsibility. SISW AND ITS THIRD PARTY SUPPLIERS MAKE NO WARRANTIES OF ANY KIND, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR AGAINST INFRINGEMENT, WITH RESPECT TO THE SOFTWARE PROVIDED UNDER AND PURSUANT TO THIS AGREEMENT. In no event will SISW and/or its third party suppliers be liable to Customer for any claims or damages whatsoever arising out of or related to this Agreement, regardless of the form of action, whether in contract, tort or otherwise.
- 5. Term and Termination.** Trial licenses will extend for a limited, finite period of time specified by SISW. Any trial license will terminate effective immediately if Customer fail to comply with any of the terms and conditions contained herein. Receipt by Customer of updates or new releases will not, by implication, extend the term of the trial license beyond the term specified for such Software. Within 10 days after termination of any trial license Customer will, at Customer's expense, (i) return to SISW the original and all tangible copies of the Software in all forms, and any associated hardware keys, (ii) destroy all soft copies of the Software, and (iii) certify to SISW in writing that such obligations have been fulfilled.
