

SIEMENS DIGITAL INDUSTRIES SOFTWARE

PLM in the cloud delivers value

[siemens.com/software](https://www.siemens.com/software)

Why PLM?

Product lifecycle management (PLM) helps you to manage your digital twin efficiently so you can bring innovative products to market, faster.

<p>Accelerate time-to-market</p> 	<p>Increase collaboration</p> 	<p>Reduce risks</p> 
--	---	---

PLM enables cross-domain design management

<p>Mechanical</p> 	<p>Electrical</p> 	<p>Electronic</p> 	<p>Software</p> 
---	---	---	---

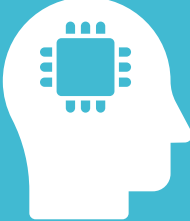

PLM capabilities streamline the product lifecycle

<p>Program management</p> 	<p>Requirements management</p> 	<p>Document management</p> 	<p>BOM management</p> 
<p>Classification</p> 	<p>Manufacturing processes</p> 	<p>Change management</p> 	<p>Visualization</p> 

Why the cloud?

<p>Increase reliability</p> 	<p>Reduce overhead</p> 	<p>Lower costs</p> 	<p>Global access</p> 
---	--	--	--

Combining PLM and the cloud

<p>Available anywhere, on any device</p> 	<p>Adopt cutting edge technology</p> 	<p>Enhance cost-effectiveness</p> 	<p>Reduce information technology (IT) resource needs</p>

Introducing Teamcenter X

<p>Simplified, proven, future-ready cloud Software-as-a-Service (SaaS) PLM</p>	 <p>Instant-on PLM</p>	 <p>Grows with you</p>	 <p>Mendix cloud platform</p>
 <p>Siemens drives PLM so you can drive your business</p>	 <p>Preconfigured solutions with built-in industry best practices for companies of all sizes</p>	 <p>Grow when you're ready with the most comprehensive PLM portfolio</p>	
 <p>Supports mechanical, electrical, electronic, and software digital twin</p>	 <p>Always up-to-date and ready with the latest technology</p>	 <p>Stand up new apps and integrations faster with Mendix</p>	

PLM success with Teamcenter

<p>"...working on same ECAD library and component information...almost 0% failure rate for data integrity and design for manufacturability..." <i>Mettler-Toledo</i></p>	<p>"The core reason for Teamcenter was its quick, out-of-the-box solution...and the initial focus was to replace our PDM with a PLM system that can grow." <i>Bladon MT</i></p>	<p>"Our designers are very pleased with Teamcenter...they can now collaborate and share data 50% more efficiently... they have increased design re-use by 50%, saving both time and money in the process." <i>NP Innovation</i></p>
